GUEST SPEAKER
Honorable Alvin M. Yearwood ’83

Working in New York’s criminal justice system for more than 25 years, Yearwood was appointed a judge in the New York City Criminal Court in 2003 and is acting Bronx County Supreme Court justice. After graduating from Boston University School of Law, he began his career working in the Bronx County District Attorney’s Office, where he prosecuted rapists and child abusers in the Domestic Violence/Sex Crimes Bureau. He considers this some of the most important work of his career, as he helped pioneer the use of DNA evidence in the Bronx County District Attorney’s Office.

Outside of the courtroom, he served as a board member of One Hundred Black Men in America, Inc., an organization dedicated to improving educational and economic opportunities for African Americans. He is a member and past chair of the board of the Metropolitan Black Bar Association of Bronx County, a member of the Association of the Bar of the City of New York, and previously served on the board of Union Community Health Center in the Bronx.

An international affairs graduate, Yearwood has continued his involvement with Lafayette as a mentor and internship sponsor through Career Services and is a member of McDonogh Network steering committee. The College presented him with the Kidd Award for distinction in his career in 2014.

Phi Beta Kappa is a national honorary organization for outstanding undergraduate students of liberal arts and sciences.

As the oldest and most exclusive honor society in the country, only 10 percent of colleges have chapters. Outstanding students from all curricula are eligible for election to Phi Beta Kappa in either the junior or senior year. Membership criteria are established by the local chapter, not by the College. In addition to meeting the requirements of their degree programs, students should demonstrate breadth in their course work and a commitment to liberal learning. More specifically, the chapter takes into account grade point average, advanced level courses outside the student’s major, and the study of mathematics and foreign language. Admission to Phi Beta Kappa is always at the discretion of the chapter and membership is gained only by election. Students invited to join Phi Beta Kappa this spring include:
